

GRAND CHAPTER OF IDAHO
CODE AND DIGEST
Changes Adopted at the

2023 Annual Session

The following Code and Digest pages reflect the changes by legislation adopted at the 2023 Grand Chapter. Please replace the pages in your Code and Digest with new ones. If only one side of a page changed, the reverse side is included here for your convenience so you don't have to go to the full Code and Digest to print the reverse page. On some pages affected by the legislation, the change is only a word or two, or a number. A list of those changes for you to make in your Code and Digest is included. The 'self-made' changes help keep costs down and are appreciated.

A complete and up to date copy of our Code and Digest is always available on our Web Site at www.idahooges.org. for you to download. Also posted there is just the pages that were affected by the 2023 legislation.

Please contact me at idahooesgs@gmail.com if you have any questions or suggestions.

Joan Heisch, Grand Secretary.
