The Legend of the Christmas Butterfly

On a cold Christmas Eve, a long time ago, a small child was admiring her family's Christmas Tree. The fragrant tree had no ornaments, yet she was thankful that her poor family had been able to find the little tree in the snowy hills nearby.

Unbeknown to her, tiny cocoons were hidden among the feathery branches, and when the child went to sleep that night, magical things began to happen.

In the warm surroundings, the cocoons awoke and hundreds of Butterflies emerged to reveal their bodies of crystal and wings of gold. They covered the little tree, fluttering on the branches, beating their shimmering wings. the child awoke to this suprising sight with giggles of joy.

Train

The steam locomotive symbolizes the many journeys we've taken, whether in life or emotionally as we grow and mature.

The Train is a symbol of adventure and discovering new places. The journey is as important as the destination.
